### THORP CONTROLS AUTOMATION SOLUTIONS ACQUIRES DELTA ELECTRIC SUPPLY

**Merriam, KS** – June 30, 2023 – Thorp Controls, a provider of high technology products to the industrial manufacturing, original equipment manufacturing (OEM), and system integration markets, announced an asset purchase of Delta Electric Supply based in Wichita, KS.

Delta Electric has served the Wichita Region as an electrical distributor since 1961. The Holder family has grown the business to a trusted supplier to both industrial and original equipment manufacturers.

Thorp Controls, founded in 1923 under Barr-Thorp Electric, is celebrating its 100th year of servicing customers in Kansas, Nebraska, Western Missouri, and Denver. "We're excited to have Delta join the Thorp Controls family so we can provide a deeper breadth of products for both companies' customers," said Todd Thorp, President of Thorp Controls. "I've admired Delta for many years and I'm excited for the opportunity to work with the new members of our Thorp Controls team."
